

ANIMAL EXHIBITS INFORMATION

LIVESTOCK/RABBIT/CAVY DUE/RELEASE

All animals must be vet checked before housing. If your animal doesn't pass vet check, you will need to take it home immediately. There are no facilities to hold rejected animals.

Your exhibit must be maintained until release time. You are encouraged to remove excess tack and equipment early on release day; you can drive onto the fairgrounds until 8:45 am for this purpose.

Sept 18 IN: Rabbits, Cavies, 6-10 am
IN: Beef, Dairy, Swine, all Goats, and Llamas, 6-9 am
Sept 20 OUT: Rabbits, Cavies, 6-8 pm
Sept 21 OUT: Beef, Dairy, Swine, all Goats, and Llamas, 6-9 am
Sept 24 IN: Sheep, 6-9 am
Sept 27 OUT: Sheep, after 6pm on a staggered basis

CAT/DOG SHOW SCHEDULE

Cats must be vet checked prior to caging. No cats will be allowed in the dorms; they will be housed in the cat show barn if staying overnight at the fair.

Sept 10 Cat vet check for dorm residents and local exhibitors, 6-8 pm

Sept 11 Cat vet check beginning at 8:30 am. Cats in place 9:30 am to 10 pm. Doors will not be open prior to 8 am

Sept 12 Cats in place, 9:30 am to 10 pm

Sept 13 Cats in place 9:30 am. Will utilize zone dismissal. No exhibitor to depart without being dismissed by the superintendent.

Dogs staying in the dorms overnight will be vet checked (if a vet is available) before being taken to the dorm. If a vet is not available, dogs will be spaced appropriately in the dorm to keep adequate distances. All dogs must remain in dog barn/dorm vicinity at all times.

Vet check for dogs begins at 8:30 am. Dogs are in place 9:30 am to 8:30 pm, or until released by superintendent following completion of all classes and total barn/arena cleanup.

ANIMAL ELIGIBILITY

1. Each member may enter only two species of animals. **Fair management will not adjust show schedules to accommodate exhibitors showing multiple species.**
2. Fleece Goats (Angora and Cashmere) will show as a separate class in the Novelty Goat section.
3. The exhibit animal may be entered in only one other class or lot, in addition to fitting and showmanship, for premiums.
4. All county allocations are for numbers of animals or numbers of pens - not numbers of exhibitors.
5. Animal Entries: (Class 400-999) - Entries will be limited to classes listed in this book. Exhibitors and animals must qualify for their county quota at the county level. Participants shall be selected in this order:
 - 1) Blue in Fitting & Showmanship, Blue in Type (equitation, games, obedience).
 - 2) Blue in Fitting & Showmanship, Red in Type.
 - 3) Red in Fitting & Showmanship, Blue in Type.
 Red in Fitting & Showmanship with Red in Type does not qualify for State. **White ribbons do not qualify for State.**

Within the county quota allocation, the county may establish additional criteria for determining their delegation so long as the State 4-H Fair Policy is followed.

In situations when a livestock animal or rabbit used as the fitting & showmanship animal to qualify at the county level, is no longer eligible to be shown at State 4-H Fair (e.g. marketed for processing) another livestock animal or rabbit that was also qualified at the county level in type by the same exhibitor - in the same species - may be substituted.

6. The feline used at State 4-H Fair must be the same animal with which the exhibitor qualified in Fitting & Showmanship, as well as in type classes (etc.) at county show.
7. The maximum number of animals per exhibitor age group at the State 4-H Fair are as follows:

Species	Jr	Int	Sr	Species	Jr	Int	Sr
Cat	1	1	1	Dog	refer to dog section		
Beef	1	3	4	Dairy	1	3	4
Sheep	2	4	4	Meat Goat	2	4	4
Pack/Utility Goat	2	4	4	Swine	2	4	4
Rabbit	5	5	5	Cavy	5	5	5
Equine	0	1	1	Dairy Goat	2	4	4
Fleece Goat	2	4	4	Pygmy Goat	2	4	4
Llama	1	2	2				

8. The State 4-H Fair recommends that all species be filled with one animal per exhibitor and then adding one animal per member until allocations are filled. This will allow the most possible number of youth participants in the fair.
9. The State 4-H Policies now allow shared project animals. The County Extension Office must notify the State 4-H Fair of any shared project animals that will be participating in the fair. Shared project animals will be dealt with on an individual basis.

GENERAL INFORMATION

1. Classes may be subdivided at the discretion of the judge or superintendent.
2. 4-H animal exhibits will be received and dismissed according to the Exhibits Due and Release Schedules.
3. When a county has several entries of the same type of animal, they will be stalled together. **Stall decorations and educational theme should be coordinated as a county display - not individual or club.** (Rabbits and Cavies are exhibited by breed.)
4. Decorative materials must be fireproof. Flammable material will not be allowed. (Greenery must be dipped or sprayed with a solution of 9 oz. borax and 4 oz. boric acid in one gallon of water.)
5. Ribbons or awards from other fairs will not be displayed.
6. Livestock educational displays are either (1) received when animals come in and released when animals leave or (2) may be turned in with other still life exhibits. In the latter case, judged educational displays will be stored in the 4-H Exhibit Building, and will be claimed by exhibitors at that location on the day of their livestock or equine entry. Clean-up crews will discard exhibits or displays left when animals are released.
7. Livestock exhibitors should notify their county Extension office or the State 4-H Fair manager immediately if they decide not to participate in the Fair. This will allow an opportunity for alternates to attend the Fair. A reduction in exhibit animals without notification to State 4-H Fair, after entry forms are sent, may result in lower allocations in the following year for the individual county.
8. Getting livestock efficiently unloaded on check-in day requires cooperation from all those bringing animals to the fair. Please follow instructions given by those in charge of the entry, quickly unload animals and tack, and remove vehicles from the area as soon as possible. More information is available in the exhibitor letters.
9. All animals must be available for use in State 4-H Fair judging contests. This includes obedience or type judging classes. Refusal by the exhibitor to provide an animal when requested by the show management without adequate reason will result in forfeit of all awards and premiums and continued participation in this year's show.
10. Portable clipping racks may be used in areas designated by 4-H management, as space is available.
11. All exhibitors who show animals must show their **own** animals in both fitting and showmanship and type (obedience) to receive premiums and awards. Any exceptions must obtain the permission of the assistant manager in consultation with the department superintendent. In the case of shared project animals, the situation will be dealt with on an individual basis.
12. Exhibitor letters for members showing animals are available from county Extension offices or may be found on the State 4-H Fair web site. Letters contain specific details pertaining to vet checks, unloading, stalling, showing, schedules, herdsmanship, etc.
13. **LIVESTOCK WILL NOT BE WALKED ONTO, ABOUT, OR OFF OF THE FAIRGROUNDS** because of serious environmental concerns directly related to animal waste. Any animal (except dogs) that cannot be transported in a solid bottom carrier must be moved in a truck, trailer or similar conveyance.
14. The Western Washington Fair Association will furnish hay, shavings (straw for sheep). The hay and straw storage shed will not be open to exhibitors. Please order hay and straw in writing from your superintendent before 6pm for the following morning's feed and bedding requirements. Hay and straw bales should not be used for purposes other than feed and bedding. Bring appropriate equipment to handle bedding. All exhibitors except swine and rabbit exhibitors must furnish their own grain.
15. The 4-H exhibitor must perform herdsmanship, grooming, handling, and exercise of the project animal. This includes clipping and washing the animal. In cases where 4-H exhibitors are physically incapable of doing their own clipping or washing, only bonafide 4-H exhibitors may provide needed assistance. Violations of this rule creates loss of learning experience to the exhibitor and unfair competition to other members, particularly in the Fitting and Showmanship contest, and is cause for disqualification of entry. **ONLY EXHIBITORS** are allowed in stalls/pens.
16. In case of animal health care emergencies at any time, the 4-H show superintendent should be located. The 4-H superintendent will contact a veterinarian to provide animal health care. Veterinarians will charge for travel, service, and medications used. Exhibitors will be required to pay at the time of service. Vet charges will not be deducted from premium payments.

17. In all animal exhibits, medication can only be given with the approval of the department superintendent or appropriate asst. manager, except in an emergency situation or when administered by a veterinarian at the scene. **It is not consistent with Washington State 4-H policy to administer any drug or medication that could affect the performance or disposition of the animal, resulting in an unfair advantage to the exhibitor or endangering the animal's well being.**
18. All 4-H members who exhibit animal projects shall be responsible for the humane care and showmanship of their animal. Failure to comply may result in dismissal from the State 4-H Fair exhibit, and forfeiture of all premiums.
19. State 4-H Fair management reserves the right to dismiss any animal showing signs of lameness, unsoundness, or stress from further participation, upon recommendation of the fair veterinarian.
20. Arrangements must be made to have all livestock (except sheep) removed from barns and fairgrounds by 9am on release day. Sheep must be removed by 9 pm on release night. Livestock and llama tack and show equipment should be removed the last day of their show, 6-9am, by driving vehicles onto the fair grounds. Beginning at noon on last day of section, removal of tack and show equipment can be accomplished via WWF trams. The more equipment removed prior to 6pm, the more rapidly and pleasantly animal exit will go. Animals and stall decorations must remain in place until released. NO livestock or llamas will be walked out. Do not leave animals unattended in parking lots.
21. Rabbits and cavyies must be removed from barn by 8pm on release night; barn closes at that time. Do not leave animals unattended in parking lots.

QUALITY ANIMAL CARE AGREEMENT

This is an agreement, formal or implied, between 4-H participants and the management of this Fair. Its purpose is to:

- Encourage ethical decisions and activities by 4-H youth.
 - Ensure the overall well being of all 4-H animals exhibited.
 - Ensure the use of commonly accepted practices in preparing and exhibiting animals for show.
 - Maintain a safe and wholesome food supply.
 - Maintain the intent and integrity of animal competitions and displays for future generations.
1. The purpose of my participation in the Washington 4-H Animal Sciences Program is to strengthen my own knowledge, ability, and skill as a feeder, manager, trainer, caregiver, and exhibitor of animals and to develop my sense of responsibility and good character. If my project includes food production animals, my goal is to produce safe and wholesome food.
 2. I will do my own project work to the best of my ability.
 3. I will not use or allow abusive, fraudulent, or illegal practices or products to be used in the feeding, care, fitting, training, and showing of my animals.
 4. I will not misrepresent my animals or myself in any way.
 5. I will read, understand, and follow the rules, without exception, of animal shows in which I am a participant and ask that my parents and my 4-H leader do the same.
 6. My animal project is an example of how to accept what life has to offer, both good and bad, and how to live with the outcome. I will treat other people's animals with the same respect and care I give my own animals.
 7. I realize that I am responsible for the proper care and safe, humane treatment of my animals. I realize that I am also responsible for demonstrating strong moral fiber and good character as an example to others.
 8. I will voice any objections to events related to my participation by using the protest policy described in the premium book. I will not directly interfere with the judge, show management, or other exhibitors before, during, or after the event.
 9. I accept that failure to uphold this commitment could result in forfeiture of my right to participate in the 4-H Animal Sciences Program.

ANIMAL HEALTH AND THE USE OF ILLEGAL SUBSTANCES

The use of illegal drugs and/or the improper use of animal health products or foreign substances will not be tolerated in the Washington State 4-H Youth Development Program. Extension personnel, 4-H volunteers, families, youth, and fair/show officials have a legal and moral obligation not to misuse these products. We have the responsibility to tell others not to use these substances, and to report those who do use any illegal substance.

The administration of any drug or medication, which could affect an animal's performance resulting in an unfair advantage or the disposition of the animal, is unacceptable. Additionally, there are federal penalties for using illegal substances in animals that are going into the nation's food supply.

HERDSMANSHIP

1. Good care of your animal and assigned exhibiting space is an important part of the privilege and responsibility of exhibiting at this level in Washington 4-H. Because many more people see your animal in the barn than the show ring, exhibitors are expected to maintain barn, feeding, and grooming conditions that will insure the good health and safety of the animals in their care, and will show consideration and sensitivity toward the public visiting the State 4-H Fair exhibit. Exhibitors are expected to be available to the fair visitor to discuss their 4-H exhibit or project. 4-H exhibitors are reminded that they are hosts/hostesses in their barn.
2. The public's interest in animal welfare, and their opinion of the quality of care given to animals, has become a critical issue.
3. Exhibiting 4-H members are to perform their own herdsman chores. Herdsmanship done by non-exhibitors can result in forfeit of all awards and premiums by the exhibitor involved. Exception: see following paragraph.
4. Livestock exhibitors must have their animals entered on Friday before noon. Due to school attendance requirements of individual school districts, **minimum maintenance** may be provided by a non-exhibitor or other exhibitor, until the scheduled exhibitor meeting – on haul-in day only. Minimum maintenance **does not** include grooming, clipping, washing or trimming. It **does** include maintaining a fresh water supply, feeding as needed, bedding pen/stall area, decorating the area, and minimal maintenance of aisle ways. The superintendent has responsibility to determine appropriate assistance levels, and may correct situations that go beyond minimal attention by non-exhibitors. Herdsmanship will not be scored until the first evening.
5. Each superintendent will ask for volunteer adults to monitor the actions of fairgoers, oversee the humane care of animals, and provide support for 4-H exhibitors. These are not adult herdsman. They will be assigned as deemed necessary by the superintendent and assistant manager, and will be given instructions. All show monitors will wear identifying tags.
6. It is the intent of the State 4-H Fair to recognize every exhibitor who maintains adequate standards, not to try to determine only a small group of "winners". Herdsmanship should not be competitive; it is a responsibility that comes with the privilege of participating at the Washington State 4-H Fair, and demonstrates personal pride and county team support.
7. Barns and displays will be examined at least twice a day. The superintendent of rabbits/cavies will supervise individual rabbit/cavy herdsman while on herdsman shifts. Failure to maintain adequate standards will result in loss of premiums.
8. **NO COOKING IS ALLOWED IN THE BARN.** For your own health, and to demonstrate to your fair visitor appropriate hygiene habits for when humans are in close proximity to farm animals, please do not cook, eat or drink while in the penning/stalling/public areas in livestock and equine barns. This applies to exhibitor and chaperone/parent, etc. and will be enforced by the Western Washington Fair. Superintendents will share more information about this very serious issue during exhibitor orientation meetings. The Western Washington Fair has set aside a good-sized area, screened from public view, in the south end of the dairy barn for exhibitors to use when eating.
9. In livestock, llama, cat, and dog herdsman evaluations, scores of 80 - 89 will earn red placing ribbons, 90 - 100 will earn blue placing ribbons. Scores lower than 80 will receive no ribbon placing, and will result in loss of 20 points in the total premiums earned by each member of the county team. One warning of inadequate herdsman will be given. A no-placing penalty will be assigned at the next herdsman examination if problems have not been corrected. Herdsman evaluation will be based on group performance, and all exhibitors within each county group will receive the same score. Each animal section will be scored separately. If a red ribbon placing (score of 80-89) is

earned by a county/group, the result will be the loss of one stall/pen in the same section during the following year. If no ribbon placing (score of 80 or lower) is earned by a county/group, that county/group will not be invited back to the same section the following year.

10. Adults as well as exhibitors occupying the area behind the ropes in the dog benching barn are expected to set a good example of appropriate herdsmanship dress for 4-H youth and the fair visitor.
11. In rabbit/cavy herdsmanship, performance recognition will be earned individually. Unsatisfactory work will receive a no-placing mark and will result in loss of 20 points in the total premiums earned by the exhibitor. Red placing ribbons will be earned for good work during one shift; blue placing ribbons will be earned for good work during two or more shifts or for performance of additional tasks.
12. Herdsmanship hours will be scheduled by departments and regular hours will be maintained.
13. Exhibitors from counties with small numbers of entries are encouraged to combine herdsmanship schedules with other counties with small exhibit numbers.
14. State 4-H Fair officials will designate grooming areas.

FITTING & SHOWMANSHIP CONTESTS

1. In Fitting & Showmanship, the emphasis is on the knowledge and performance of the 4-H member. In type judging the emphasis is on the condition, conformation and characteristics of the animal. We are most concerned with personal development of the 4-H member. Therefore, all fitting & showmanship contests have the same premium points (blue-75, red-55, white-40) regardless of the type, size, training or value of the animal involved.
2. All exhibitors must complete a fitting and showmanship class in order to receive premiums and/or ribbons in their animal section. Fitting and showmanship classes are concluded with the selection of champion/reserve champion exhibitors. Exhibitors, if selected, may choose to not enter the championship contest but must make that decision prior to the start of the championship contest. Leaving the show ring after the contest has begun will result in loss of all premiums/ribbons for the exhibitor in that animal section.
3. All animals used for fitting and showmanship must also be entered in type (performance, games, obedience) competition in the 4-H show.
 - a. In order for fitting and showmanship premiums to be assigned, exhibitors must show their own livestock in type class except when given permission by the superintendent to substitute another exhibitor-handler. Example: when two or more livestock animals are being exhibited by the same exhibitor in the same show ring, or if the exhibitor becomes ill.
 - b. Llama, dog and cat exhibitors are required to show their own animal in fitting and showmanship as well as their riding, driving, performance, type, or obedience class. (Llama exhibitors must participate in a minimum of one performance event to qualify for any show premiums.) Permission for llama, dog or cat exhibitors to be excused from the performance requirement (due to illness or other emergency) must be obtained from the assistant manager or designated show official in order for fitting and showmanship premiums to be retained.
 - c. Rabbit and Cavy exhibitors are required to show their own animals in fitting and showmanship, and are strongly encouraged to also participate in the type classes with their own animals.
4. See appropriate animals portion of the premium list for class and lot numbers.
5. Fitting and showmanship reference for State Fair Judges will be:
 - Beef EM 1982
 - Cats EM 4810E
 - Cavies..... PNW573, A.R.B.A. Standard of Perfection
 - Dairy C1002
 - Dog EM4904, additional resources found at <http://4-h.wsu.edu/projects/dog.htm>
 - Goats EM4781, C0544, Additional references to be announced.
 - Llamas EM 4890, EM 4891
 - Rabbit PNW0163, A.R.B.A. Standard of Perfection
 - Sheep EM 1982
 - Swine EM 1982
6. Superintendents of each class will notify the judge of any exhibitor with disabilities so the judge can consider the nature of the disability when placing the contestant - at the exhibitor's option.

ACTIVITY DAYS

1. Open to all animal exhibitors. No premiums awarded on any of the following or similar events.
2. Round Robin Showmanship Contest will not be held in 2009 due to schedule changes and arena availability.
3. Exhibitors entering the Beautiful Animal Contest will provide their own costume.
4. Cat exhibitors may participate in Cat Costume and Decorated Cage contests. Quiz bowl contests may be scheduled.
5. Sheep exhibitors may participate the Lad and Ladies Lead class conducted by the Western Washington Fair. Please refer to the open class sheep department rules found on the WWF website: www.thefair.com
6. Circle of Champions will feature the top animals in each beef and dairy breed. The exhibitor will prepare and give a short narration about the breed they are showing - it's history and special features.
7. Other activities may be scheduled, dependent upon time and interest.

VETERINARY RULES

1. GENERAL VETERINARY INFORMATION

A health certificate is NOT required by the Western Washington Fair. The health status of entries will be ascertained at the time of entry and will continue under the Animal Health Department's surveillance while on the Fairgrounds. All entries must be free from visible evidence of infectious and contagious disease when presented and must remain so while on exhibit. The Fair veterinarian will be the final authority in determination of suitability for exhibition.

Any animal refused by the veterinarian at check-in must be removed from the fair grounds and returned home immediately. There are no facilities to house animals that can't be exhibited. Animals on exhibit at the Fair are the very best of their species and must present this image to the viewing public.

Exhibitors should note and respect the potential for exposure to health-threatening conditions while at a fair. Crowding of animals, long distance hauling and changing environmental conditions are major stresses to which exhibit animals are subjected. Animals, like humans, have the capability to become recovered carriers of viruses or other infectious agents. Exhibition-imposed stress may cause a recrudescence or reactivation with resulting outbreaks of disease, as occurs with malaria in humans. The Fair management will do all in its power to protect each exhibit while on display.

"4-H Animal Exhibitor Commitment to Quality Animal Care" statement has been added to this book. It has been adopted by the Washington State University Extension 4-H Youth Development Program, and will be enforced at the Washington State 4-H Fair. It's application is not restricted to food-source animals.

The exhibitor has important responsibilities prior to fair time. These responsibilities should be implemented three weeks before entering the fair circuit. Vaccinations must be up to date and an effective parasite control program employed. State-of-the-art prophylactic care is strongly recommended for all animals to be exhibited.

Animals not intended for exhibition will be denied entry to the fairgrounds.

2. CATTLE

A health certificate is not required by the Western Washington Fair. Certification of health will take place at the fairgrounds when your animal arrives. A brucellosis test is not required by the Western Washington Fair; however, if the animal were to be offered for sale, its salability will be restricted unless it has been officially vaccinated. Non-vaccinates may be sold only for slaughter.

It is strongly recommended that prophylactic protection against IBR (infectious bovine rhinotracheitis), BVD (bovine virus diarrhea), PI3 (para influenza 3 virus) and leptospira (5 serotypes), clostridial diseases, (ie. blackleg and malignant edema), pasteurella, haemophilus and RSV (respiratory syncytial virus) be provided. Immunization must be completed a minimum of 3 weeks prior to exhibition in order to provide intended protection.

3. LLAMAS/SWINE/RABBITS/CAVIES

An inspection will be made at the fairgrounds when your animal arrives. Prophylactic measures should be considered. Please see General Veterinarian Information.

4. SHEEP/GOATS

An inspection will take place at the fairgrounds when your animal arrives. Prophylactic measures should be considered. See General Veterinarian Information.

The Western Washington Fair will require **all** goats and sheep to have official USDA National Scrapie Eradication program-assigned flock identification available during vet check-in. This may include either a tag, tattoo or microchip (with reader provided by exhibitor). Veterinarians will not allow unmarked animals through vet check.

Because of increased possibilities for Ovine Dermatophytosis (Ringworm) in sheep, the Western Washington Fair's Animal Health Department will intensify its inspections and surveillance effort. Recommendations of the WWF to exhibitors:

- a. Inspect all sheep on your premises for evidence of infection
- b. Avoid sharing equipment with other exhibitors
- c. Avoid co-mingling animals during transport
- d. Keep washing and clipping to a minimum

All sheep must exhibit appropriate tail docking practices. Appropriate docking practice is to remove the tail at the distal termination of the caudal tail fold. As a working guideline, WSU recommends that lambs be docked so that at the show the tail is long enough to be lifted. Docking should be performed within two weeks of birth for optimum animal health and the tail must be healed at the time of show check-in.

5. EQUINE

An inspection will take place at the fairgrounds when your animal arrives. Prophylactic measures should be considered. See General Veterinarian Information.

The West Nile Virus is being diagnosed in some equine in Washington. While not requiring vaccine protection from this mosquito-borne illness, appropriate vaccine protection is encouraged by the WA State 4-H Fair.

Since incidents of equine monocytic ehrlichiosis (Potomac horse fever - PHF), Rhinopneumonitis (Equine Herpes Virus, EHV-1) influenza and tetanus occur in Washington, vaccinal protection is recommended by the Western Washington Fair.

6. DOGS AND CATS

An inspection will take place at the fairgrounds when your animal arrives. Please see General Veterinarian Information.

4-H State Fair management wishes to emphasize the need for exhibitors to adopt a responsible program of proper health care of their animals. The increased need for prophylactic measures for animals being placed in close proximity to others must be recognized.

All dogs, regardless of origin, 3 months of age or over **must** show evidence of vaccination with an approved rabies vaccine as per label directions. **Exhibitors must present proof of vaccination by a licensed veterinarian, against rabies.** An inoculation certificate (WS4HF/1.30m) is available from local county Extension offices, the WA State 4-H Fair Office, or on the 4-H website. It must be completed at the administering veterinarian's office, and submitted for all dogs exhibited in the 4-H State Fair. No other document may be substituted. If rabies inoculation was given by a veterinarian who is no longer available (e.g. from a temporary clinic, etc.) the original receipt or veterinarian-generated document that includes (1) date of vaccination, (2) dog's name or ID and age, (3) brand or type of vaccine, and (4) the veterinarian's signature or clinic stamp should be stapled to the new inoculation certificate (WS4HF/1.30m). The exhibitor should complete all information required on the inoculation certificate – except the lower portion that is reserved for clinic/veterinarian use. Dogs **should** be vaccinated against distemper, infectious hepatitis, leptospirosis, parainfluenza, parvo and corona viruses – at local veterinarian's recommendation.

All cats must have been vaccinated against rabies with an approved vaccine within 12 months as per label directions. We will also recognize the 3-year vaccine as per the label instructions. **Exhibitors must present proof of current vaccination by a licensed veterinarian, against rabies.** An inoculation certificate (WS4HF/1.30m) is available from local county Extension offices, the WA State 4-H Fair Office, or on the 4-H website. It must be completed at the administering veterinarian's office, and submitted for all cats exhibited in the 4-H State Fair. No other document may be substituted. If rabies inoculation was given by a veterinarian who is no longer available (e.g. from a temporary clinic, etc.) the original receipt or veterinarian-generated document that includes (1) date of vaccination, (2) cat's name or ID and age, (3) brand or type of vaccine, and (4) the veterinarian's

signature or clinic stamp should be stapled to the new inoculation certificate (WS4HF/1.30m). The exhibitor should complete all information required on the inoculation certificate – except the lower portion that is reserved for clinic/veterinarian use. Cats **should** be vaccinated against feline panleukopenia, feline rhinotracheitis, calicivirus and leukemia viruses and chlamydia – at local veterinarian's recommendation.

7. COMPANION ANIMALS PROHIBITED

Animals and birds not intended for exhibition will be denied entry to the fairgrounds. Please leave your pet at home for its own protection, with the exception of properly identified Guide or Service dogs. They should be properly protected against infectious and communicable diseases as indicated for exhibit animals.

- 12. See EM4796 “Washington State 4-H Dog Project Guidelines”.
- 13. All rules and expectations for other 4-H animal exhibitors will be applicable to this section. Please refer to Animal Exhibits Information for more detail.

14. Anyone working or sitting behind the rope barricades in the benching area will be dressed appropriately for herdsmanship. Adults/non-exhibitors do not perform herdsmanship duties, but if in the working area must make an appropriate appearance to prevent reduction in herdsmanship scores of the county herdsmanship team. Adults/non-exhibitors are discouraged from loitering within the working/exhibit area.

15. Exhibiting your 4-H animal at the State 4-H Fair implies you will uphold the "Animal Project Exhibitor Commitment to Quality Animal Care" statement in this book. It applies to exhibitors of all species of animals. Please read that document prior to completing your entry forms.

16. Proof of a current rabies vaccination by a licensed veterinarian will be required for vet check. See Veterinary Rules in this book for rabies vaccination certificate requirements.

17. Barn rules and other information important to a successful experience at State 4-H Fair are available in the Obedience Dog Show Exhibitor Letter, Form 1.17m. The letter is available from the County Extension Office, or on the State 4-H Fair web page at <http://4h.wsu.edu/statefair/index.htm>.

18. Aggressive/Unsocial Dogs: Dogs that exhibit aggressive, and/or unsocial, and/or problem behavior that cannot be controlled by their handler, are a serious safety issue. Leaders and superintendents have the immediate authority to excuse or place restrictions on such dog's participation in the State 4-H Fair. Leaders and Superintendents will inform 4-H staff members of their decision and the appropriate plan of action would follow. It is up to each county to decide what that action would be. Every effort should be made to see that the member is not excluded or excused. Alternative suggestions may be made to the 4-H member.

19. DOG EXHIBITOR DRESS CODE: 4-H dog project participants must dress tastefully and conservatively. Sandals may be worn with stockings. Bare feet and exposed midriffs are not allowed. All shirts must have at least three finger width straps at the shoulders. Mesh or see through (sheer) clothing is not allowed. Undergarments may not be exposed. Clothing that advertises alcohol, drugs, tobacco, gang affiliation, sexually explicit messages or obscenities will not be allowed. Skirt lengths will not exceed two inches above the top of the knee. All clothing and shoes must be clean and in good repair. 4-H participants may not participate in the State 4-H Fair unless they acknowledge and comply with the above dress code. If, in the opinion of the activity or event officials, a participant does not comply, the participant shall be given one opportunity to correct the problem. If participant fails to correct the problem, they will be asked to leave the activity or event and all awards and premiums shall be forfeited.

20. If an exhibitor has qualified for state fair (with one or more dogs) in both Obedience and Agility, the exhibitor must designate on their entry form which class will be their premium class by adding the word "premiums" after the class/lot description. The other class will be awarded ribbons only.

DAIRY
Julie Mowbray – Superintendent

DAIRY SHOW DAY
Monday, September 21 – 10 a.m. – Large Arena East/West
Fit/Show, followed by Type Classes

ELIGIBILITY TO PARTICIPATE

1. A local county extension agent must approve all entries. The county agent should sign the 4-H dairy certificate prior to use of the animal as a show exhibit. Without this signature, the State 4-H Fair Dairy Superintendent will investigate the exhibitor’s ownership and right to exhibit. The 4-H Dairy Certificate must be available at the time the animals are unloaded from the truck.
2. Each exhibitor will be required to make positive identification of project animals. The dairy certificate will also establish that the animal has been the responsibility of the exhibitor for the current 4-H year. If identification cannot be verified with the certificate, the exhibit may be eliminated from the show, and premium money may be forfeited – at the discretion of the superintendent in consultation with the livestock assistant manager.
3. No dairy cattle with horns will be permitted to exhibit except those in the Junior Heifer Calf Class. Horns, as defined for all other age classes, shall include “scurs”, “nubbins” or “stubs” which extend beyond the skin.
4. All stalled animals must be double tied, and led with a tie rope or show halter lead strap while on the fairgrounds.
5. All Dairy exhibitors must abide by the Milking Parlor rules.

6. Juniors may exhibit one animal in this class, while intermediates may exhibit three animals, and seniors may exhibit four animals.
7. All rules and expectations for other 4-H animal exhibitors will be applicable to this section. Please refer to Animal Exhibits Information for more detail. Request Exhibitor Letter 1.20m.
8. Exhibiting your 4-H animal at the State 4-H Fair implies you will uphold the "Animal Project Exhibitor Commitment to Quality Animal Care" statement in this book. It applies to exhibitors of all species of animals. Please read that document prior to completing your entry forms.

MILKING PARLOR PROCEDURES

Milking facilities at the Fair are Grade A and State inspected. Milk will be checked for antibiotics at the Fair and at the processing plant. A violation of the P.M.O. (pasteurized milk ordinance) will result in forfeiture of all premiums. Any exhibitor causing such violation will be prohibited from future exhibition at the Fair. The parlor is maintained during the Fair to provide a safe, convenient and orderly solution to the milking requirements and to afford the visitor an opportunity to see how milk is produced. Every effort is being made to present the dairy business at its best. In a variety of ways we are telling the dairy industry story. Please assist us in this endeavor by your full cooperation with milking schedules and by presenting your animals in such a manner as to produce the best possible public appearance.

Please note:

Because of the high costs for hauling combined with the low price paid for the milk picked up at the Fair, you will not be compensated individually for your milk. Instead, what money is received for the milk will be divided between the three youth programs: 4-H, FFA and Junior Poultry.

Western Washington Fair will furnish dairy feed. Please use it fairly without waste. It is your responsibility to sanitize your utensils before use. Facilities for this process are provided.

1. One llama/alpaca used by the exhibitor must be the animal with which the exhibitor qualified in both Fitting and Showing/ Showmanship and performance classes at county. Due to space restriction, safety concerns, and animal well being issues, only intact males over 6 months and under 24 months of age, females over 6 months, and gelded males may be shown at the State 4-H Fair.
2. All rules and expectations for other 4-H animal exhibitors will be applicable to this section. Please refer to Animal Exhibits Information for more detail. Request Exhibitor Letter 1.21m.
3. Only approved, appropriate llama/alpaca tack will be allowed. A halter must remain on animals at all times, in case of emergency. A list of required tack and clothing is available in the exhibitor letter 1.21m from the county Extension office or on the State 4-H Fair website.
4. Only 4-H logos and county 4-H identification will be displayed - advertising for farms or breeders is not permitted on show tack, clothing or educational material. Ribbons or other awards received in other shows will not be exhibited.
5. Exhibitors are responsible to provide their own herdsmanship and animal care equipment and supplies. The Western Washington Fair will provide hay for llamas and alpacas - exhibitors will need to bring their own supply if feeding other supplements.
6. Exhibitors must enter Fitting and Showing/ Showmanship and one performance class for premium points. Participation in other performance classes will be for ribbons only. Exhibitors are required to

enter Fitting and Showing/Showmanship and Trail Obstacle classes, even if Trail Obstacle Class is chosen as a ribbon only class.

7. In all classes, show-ring lots will be organized by exhibitor's 4-H age group.
8. Clean, safe, and appropriate attire should be worn by exhibitors while in the barn. Sandals are not appropriate footwear at any time when handling animals.
9. Juniors may exhibit one animal in this class, while intermediates and seniors may exhibit two animals.
10. Exhibiting your 4-H animal at the State 4-H Fair implies you will uphold the "Animal Project Exhibitor Commitment to Quality Animal Care" statement in this book. It applies to exhibitors of all species of animals. Please read that document prior to completing your entry forms.
